Everything that's lonely has the colour of my grief; everything that's shamed and tired is standing in a crown of extinguished stars near the first word of my song.  
 Homeless beggars, harassed princes, a forgotten smile, late tears... Who will bow down before you and invite you all when I'm gone?

Alts vos iz eynzam, hot di farb fun mayn troer,  
 Un alts vos farshemt iz un mid,  
 Shteyt in a kroyn fun farloshene shtern  
 Bay dem ershtn vort fun mayn lid.

Farvorlozte betler, farshtoysene printsn,  
 Fargesener shmeykhl, farshpetikt geveyn.  
 Ver vet zikh neygn far aikh un farbetn  
 Aikh ale, ven ikh vel nisht zayn?
